1. This offer is for a limited time only and entitles the customer to one Samsung Galaxy S mobile phone and mobile SIM ("Mobile Component"), and one Samsung Galaxy Tab and wireless broadband SIM ("Broadband Component") (together "Bundle"). Contract term of 24 months applies to both the Mobile Component and the Wireless Broadband Component. If the Mobile Component is cancelled, this will result in the termination of the Bundle. An Early Termination Fee (ETF) may apply if the Mobile Component or Wireless Broadband Component is terminated early, calculated as 50% of Monthly Access Fee multiplied by the number of whole months remaining in the contract. Cancellation of the Broadband Component only does not automatically cancel the Mobile Component, however your monthly access fee will not change. In circumstances where the coverage area is proven unsatisfactory, you have a right to return the mobile phone, tablet and SIM's in 'as new' condition (subject to fair wear and tear - refer to the returns checklist document). Returns must occur within 30 days of the activation date, where the services will be terminated without paying out the ETF. The mobile phone and tablet must be returned in full working order with original packaging (including SIM cards for both services) to avoid additional charges being applied to your account. 2. Monthly Access Fee is charged in advance and is the minimum amount you pay each month for the Bundle. Monthly Access Fees and Included Value and GPRS Data are subject to a pro rata calculation in your first month of activation and expire at the end of each billing period. 3. Monthly Included Value consists of standard voice calls within Australia to Fixed and GSM/3G mobiles, video calls, Voicemail retrievals, calls to 13/1300 & 1800 numbers, standard national SMS and MMS (picture & video) within Australia. Excluded Usage: international calls, calls forwarded, Premium SMS and MMS and call diversions and other call and usage types not listed above as Monthly Included Value. These calls will be charged in addition to the Monthly Access Fee at standard rates specified. Timed calls are billed in 1 minute increments. Flagfall of 35c applies unless otherwise stated. Video MMS is charged at \$2.50 per message. SMS and MMS messages are charged regardless of delivery status. Some phones allow multiple SMS and MMS messages to be sent simultaneously. Each message incurs a separate charge. SMS allows maximum of 160 characters, SMS over this limit will incur multiple charges. Calls to 124YES directory assistance - \$1.10 per call plus cost of connected call based on standard voice call charge. Commander International Pricing applies. Customers wishing to use international roaming are charged at a rate levied by the overseas carrier plus a roaming charge. International roaming is not available for the Wireless Broadband Component. All incoming calls while roaming will incur roaming charges. Premium SMS and MMS charges are set by individual premium service providers. Additional surcharge applies; refer to the terms and conditions of premium service providers. 4. Commander to Commander Intra-Account calls between mobile and fixed line service on the same account where the call originates from, and is destined to, a place within Australia, free unlimited between 7am and 7pm Monday to Friday, no flagfall applies. 5. Mobile data in excess to the Monthly Included GPRS Data is charged at 75c per MB. Service delivered via the Optus 3G/HSDPA GSM network, subject to network availability. To the extent permitted by law we do not make any representation or warranty regarding the performance, service or coverage of the Optus (GSM, GPRS or 3G/HSDPA) network. Actual speeds will vary in different network coverage areas. This service is not available internationally. Both uploads and downloads are counted toward your Included Data. Excess Wireless Broadband usage beyond your included data will be charged at 10c/MB. Excess usage is capped at \$99 per month. If you reach the excess usage cap of \$99 your data service will be suspended until your next billing period. 6. Minimum Total Cost does not include connection charges or hardware costs which are charged separately. 7. Samsung Galaxy Tab connected on the Wireless Broadband SIM card does not allow for voice calls or text messages. 8. All pricing is inclusive of GST. 9. Commander SFOA, Fair Use and Acceptable Use Policies apply and, can be found at www.commander.com/customer-terms. M2 Commander Pty Limited CAN 136 950 082.
